B: Insurance See clause 16 of Contract Terms

(Prior to entering into this Agreement, the Agency and Production Company should discuss their insurance requirements with their brokers. The paragraphs below in this section B, together with the checklist at section I, are intended to assist the parties in ensuring that each will be responsible for, and will obtain, adequate insurance cover in respect of the obligations and risks which they agree to assume under this Agreement. Clause 16 of the Contract Terms obliges the parties to obtain adequate insurance, including by reference to this PIBS).

1. Wrap Insurance

Does the Agency or Client have a wrap insurance policy that will provide cover for the Client, the Agency and/or the Production Company?

Yes

No

If "Yes", the parties should enter into an addendum to this Agreement that provides for either the Agency or Client (as the case may be) to assume insurance responsibilities on such terms as are set out in the addendum.

2. Non-appearance Insurance

- A Non-appearance of Production Company Deliverables will be the responsibility of, and insured by, the Production Company unless otherwise specified in this Agreement.
- B Non-appearance of Agency Deliverables will be the responsibility of, and insured by, the Agency unless otherwise specified in this Agreement.

3. Employer's Liability Insurance and Workers Compensation

- A The Production Company must ensure that its public and employer's liability insurance cover makes sufficient provision for all artists whilst under its directorial control.

(Clause 16 of the Contract Terms requires that the minimum limit of indemnity insured for Employer's Liability / Workers Compensation should be £10 million and that the minimum limit of indemnity insured for Public Liability should be £5 million (unless otherwise agreed). Production Company should speak to their brokers regarding the legal requirements in countries outside the UK).

- B Local insurance of non-UK domiciled artists will be the responsibility of the:

Company

Insert other if different

- (i) If Agency is employer of record, it is not always possible for the Production Company to insure local artists).
(ii) The Production Company will usually ask its local facility company to arrange insurance for overseas shoots, but if the Agency is the employer of record, this might not be possible).
(iii) Parties should check whether relevant territory provides state insurance).

Will the Production Company (or its local facility company) note the interest of the Agency on its local crew policy for overseas shoots?

Yes

No

Will the Production Company (or its local facility company) include, where relevant, local artists and crew on that policy?

Yes

No

- (iv) Check with your brokers as sharing a policy may be cheaper than taking out separate policies).

4. Commercial Producers Indemnity Insurance See clause 16 of Contract Terms

The Production Company's insurance policies must include additional cover in respect of producer's indemnity costs, negatives and materials insurance, cast fees and other extra costs over and above the Budget as listed below. These should be full re-shoot costs:

(Agency needs to be satisfied that any additional expenses, over and above the Budget, will be included in the Production Company's insurance cover. Example: if Production Company's budget is £100k, but Agency has paid a special artist £50k, that additional sum will not feature in the Production Company's budget that it shows its insurer. If something goes wrong and Production Company needs to claim, its insurer will not pay out for the additional sum since it wasn't made aware of it. So the Agency should list additional sums for which it would need reimbursing below so that the Production Company can disclose them to its insurer).

Agency to complete table below as accurately as possible

(Allow same rates for Agency and Client as director and producer if estimated costs are not specified).

Insert here any amendments/variations. If necessary, please use additional pages.

All pitching production companies should provide a copy of this PIBS to their insurance brokers to ensure adequate cover is put in place in the event they are successful and enter into the Agreement to produce the Film and shall, on request, provide copies of the insurance certificates to the Agency.

The pitching production company should sign and return a copy of this PIBS, together with its quote, by:

(The Agency and Production Company should sign and date each version of the PIBS as their pre-contract discussions continue. When discussions are concluded and all details agreed, they should **sign and date the final version of the PIBS together with the completed Contract Terms**. It is this final version that will form part of the Agreement.)
